BALDWIN - MA TAK WO

# A. H. BALDWIN & SONS LTD

Founded in 1872, A. H. Baldwin & Sons Ltd set up their in-house auction department in 1993 and have since expanded to hold more than eighteen auctions of all numismatic material in London, New York and Hong Kong each year.

The merger of Baldwin's with Noble Investments (UK) PLC in 2005 and the subsequent acquisitions in early 2008 of Apex Philatelics, and in 2012 of The Fine Art Auction Group (comprising Dreweatts and Bloomsbury Auctions), has seen the company expand to become a formidable player at the forefront of the collectibles market. In more recent times (2013), Baldwin's has become a part of the Stanley Gibbons Group plc and is now a more powerful London Stock Exchange listed collectibles retailer and 'top 5' UK auctioneer.

Baldwin's comprise a world-class team of specialists and consultants who between them cover virtually all aspects of English, Ancient and Foreign coins, Commemorative Medals, Tokens and World Stamps.

The Baldwin's specialist team have worked as advisors and cataloguers of coins for some of the most prestigious auction houses in London and abroad for decades. Our extensive library, comprising thousands of reference books, allows us to research thoroughly all aspects of numismatics from Ancient times to the present day, with the main focus including English, European, Russian, Islamic, Indian, the Americas and Oriental coins, as well as commemorative medals, for auction and direct sale.

Baldwin's had a part in the establishment of the first Singapore Coin Auction in 1986, and consigned frequently over the years. We therefore were well placed to take over from Spink's when they withdrew from the original partnership in 1993. The Hong Kong Coin Auctions are numbered from this series.

# THE LINDÉN COLLECTION

Åke Lindén (1927-2013)

## 凌頓集藏

亞嘉凌頓 (1927-2013)

Åke Lindén, who passed away on the 13<sup>th</sup> May 2013 at the age of 86, was a man of international stature having served for a number of years and eventually becoming Assistant General Director of GATT (General Agreement on Tariffs and Trade), now the World Trade Organisation.

He was born in Stockholm but grew up in Karlskoga where his father was a director at A B Bofors. His father travelled widely all over the world and brought back different coins from each country he visited. This is what first inspired Åke's passion for coin collecting. After taking degrees in law and economics, he joined the Swedish Foreign Office and served in Paris, Rio and Frankfurt before moving to the GATT Secretariat in Geneva where he became the leading expert in the international trade systems.

Being a somewhat reserved, almost shy and certainly modest person, Åke was immediately popular with people from all walks of life. His regular driver's appreciation of the man was such that he described him as "the epitome of a true gentleman". After taking his pension in the mid-1990s when GATT became WTO, he became a political consultant and was employed by both the EU and the United Nations as well as individual countries including Malaysia, Kazakhstan, Jordan and Sri Lanka.

In his limited spare time Åke enjoyed spending time with his younger brother and sister and their families, as well as a circle of close friends. He also gave legal advice and financial support to various "good works" and charities freely, which was typical of the man.

It is a wonder that Åke ever found the time to devote to his coin collecting hobby, but time he did find, or make as the case may be, and what is more he went about it in the most methodical and single-minded fashion. One could say that he became a more accomplished numismatist than many fulltime professionals. His numismatic interests were not merely wide ranging, he actually set about collecting every type coin since 1850, as per the Yeoman catalogue, from every country in the world. Being the true collector that he was, Åke would consider any coin that was missing from his collection in whichever condition available. However, when it came to the very rarest items, he did not hesitate to acquire them in top condition at whatever the price. To this end, Åke even went so far as to purchase graded coins in plastic "slab" holders, which was anathema to him because he could not enjoy handling them in the same way he was used to with coins that were "free". Such coins included, for example, the Korean 20-Won and 5-Won of 1906 and 1908 as well as numerous Japanese and American gold coins. His German States gold and silver collection, which is about as complete as one would wish for, bears testament to the methodical way that he went about putting together his collection.

This auction includes several coins from the Lindén collection and these are all marked as such in the lot description footnote.

亞嘉凌頓在二〇一三年五月十三日逝世，享年八十六歲。他生前是國際知名人士，在世界貿易組織 (WTO) (前稱關稅暨貿易總協定 GATT) 服務多年，晉升至助理總監。

他在瑞典斯德哥爾摩出生，在卡爾斯高加長大，他父親是當地 A B Bofors 公司的董事，出差足跡遍及全世界，並將造訪每個國家的錢幣送給亞嘉。這亦是引起他對錢幣發生興趣的原因。取得法律及經濟學位後，他加入瑞典外交部，曾派駐巴黎、里約熱內盧、法蘭克福，後調職 GATT 秘書處，成為首席國際貿易專家。

他是一個含蓄、害臊及謙虛的人，與各階層人物都合得來。他的司機曾這樣形容他：“誠真君子之典範”。九十年代中期，GATT 改組為 WTO，他亦退休，改任政治顧問，先後受聘於歐盟、聯合國，以及馬來西亞、哈薩克斯坦、約旦、斯里蘭卡等國。

儘管閒暇不多，他很享受與弟妹、他們家人及一小撮摯友一起，他亦樂於向慈善團體和“有意義”組織提供免費法律意見及財政資助。

大家都奇怪亞嘉何來時間蒐集錢幣，但他確實有條不紊、心無旁騖完成一個可觀的集藏，成就超越許多全職錢幣專家。他的蒐集興趣廣泛，根據 Yeoman 目錄每個國家每種錢幣都收集一枚。作為一個真正收藏家，只要他缺的，不論品相，他都會拿下。可是遇到罕品，他毫不猶豫，不論價買最高品相。因此，雖然他個人不喜歡無法把玩在手的評級幣，但為追求最高品相，他亦會買評級幣，例如韓國 1906 二十圓和 1908 五圓，以及無數日本及美國金幣。他的德國城邦金銀幣集藏，可稱大致齊全，是他有條不紊集幣精神的明証。

這次拍賣包括若干枚出自凌頓集藏的錢幣，都有附註。

292 Chekiang Province 浙江省: Brass Pattern Cash, ND (1866), struck at the Paris mint, at the time of the Pin Mission, Obv Tong Zhi Tong Bao around circular central hole, 20mm (CCC 777; KM unlisted). In PCGS holder graded SP64+, extremely rare, possibly the fourth known. Estimate: US\$20,000-25,000

This is the first Chinese-style specimen round-hole Cash, similar to the contemporary Hong Kong issues. Richard Wright's *The Modern Coinage of China 1866-1949, The Evidence in Western Archives* (ISBN 978 1 907427-20-6), p.168 tells the story:

**China - The Machine-Minted T'ung Chih Cash Coin of 1866**  
The Imperial Chinese authorities showed little interest in the machine minting of coins until the 1880s. Therefore the fact that the Paris Mint struck a pattern Chekiang Province cash coin as early as 1866 is somewhat of an enigma, particularly as the mint officials there have no evidence or knowledge of any further French involvement with the Chinese coinage. The coin, which is illustrated by a tracing taken from the sample in the recently published catalogue of the collection of the Paris Mint, is described thereon as a *Sapèque Chine*, a round hole pattern produced by M. Barre in 1866, struck in brass, weight 1.42g and diameter 20mm. Only three pieces are known to exist. ... In the Paris Mint catalogue the dies are also shown, for some reason marked 1870, which was possibly the date of acquisition.

Which leaves the question: why were the dies prepared and three coins struck? Or were there more coins?

The answer probably lies with the Pin Mission, a mini-saga written up and described a couple of decades ago (Charles Drage, *Servants of the Dragon Throne: being the lives of Edward and Cecil Bowra*, UK, 1966: Chapter XI, 'The Mission of the Third Class Mandarin'), but which has been seemingly ignored in a possible numismatic context. Up until the nineteenth century the Imperial Chinese government, content with its lot and deeming the remainder of the world to be barbarians, had done its best to keep the western world at arms's length. Official missions from Britain in 1793 and 1816 failed to break the ice; the Russians and the Dutch fared no better; yet trade continued and provoked the China Wars of the forties and fifties which effectively opened up China to trade on western terms. It was not until 1876 that the first Chinese legation was established in London, and a further twenty years before a major Chinese statesman, Li Hung-chang, made an official tour of Europe and the United States, incidentally generating some interesting numismatic and medallic items.

Prior to 1876 any visits by Chinese officials or mandarins to the western world were limited and low key. Language was a problem. The enigmatic Hsing, a mandarin of the fifth class, is a case in point. In his forties and a native of Canton, he made the passage from China in the Keying apparently in the role of a tourist. He spoke little English, but succeeded in joining the official procession marking the opening of the Great Exhibition in London in 1851, and is still remembered today by his portrait on one of the Keying medallions. It was Mr (later Sir) Robert Hart, the Inspector-General of the Chinese Customs, who in 1866 prompted the first semi-official visit of a mandarin to Europe. He was returning to his native Ireland on leave, was concerned that the Chinese government had been doing nothing to bring itself up to date with the western world, and proposed that a mandarin should accompany him to Europe and report all he saw. Hart's proposal was adopted, but he was only partially successful as the mandarin selected for the task, Pin Ch'un or Pin-tu-jen, the Chinese Secretary of the Imperial Maritime Customs, was of low rang (albeit hastily promoted up to the third grade), elderly, bigoted, and, even worse, was given no official status. However, Pin was accompanied by his son and three language students, and it was probably the young generation, from their experience who provided the greatest benefit to China in the long run. Pin was ably escorted by Edward Bowra and M. de Longchamps; the party landed in Marseilles, and thereafter these mentors arranged the intensive programmes of tours of factories and institutes; only to discover in Paris that their mandarin had quickly developed a preference for the theatre and the circus. Thus it was that Pin Ch'un declared himself indisposed on 12<sup>th</sup> May 1866, and refused to carry out the plan for that day - although his entourage did - which included visits to the Library, the Post Office, the Telegraph Office and the Paris mint. Now, this projected visit does provide a very good reason for the existence of the machine minted Chekiang province cash coin in the Paris Mint in 1866: eg. it was only a specimen coin, produced solely for the mandarin's visit. Why would Chekiang have been selected for this example? It is pure conjecture, but the mandarin may have been a native of that province, and M. de Longchamps could have conveyed that information to the Mint when making arrangements for the visit. It is possible, of course, that a few specimens were handed out to the entourage, and may have found their way back to China.

這是中國首枚機製方孔錢，形制類似同期香港一文／一千銅幣，詳見李察偉德著《中國現代機鑄幣1866-1949，西方檔案記載》第168頁：

中國－1866年同治機製方孔錢  
1880年代前，清廷對機器鑄幣興趣不大。因此，巴黎造幣廠為何早至1866年便鑄造這枚浙江方孔錢，曾是一個謎，其後亦無證據或記載法國政府有任何跟進。此幣首見於巴黎造幣廠存檔錢幣目錄：“中國銅幣，中有圓孔，M. 巴里鑄造於1866年，重1.42克，直徑20毫米，附實物描繪圖”。存世三枚，巴黎造幣廠存檔錢幣目錄且有模具圖片，但年份則是1870，可能是入藏年份。  
令人困惑的是：為何製作模具並鑄造三枚？鑄造量是否超過三枚？

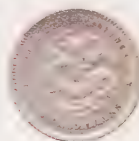

客要應與平姓新官員所名館的歐洲考察團有關，見諸查理士施蘭著《清廷特派使華團與廣東包華》英國1966，第十一章“蘭廷三品官員的任務”，其與錢幣學的關連至今無人留意。十九世紀前，清廷夜郎自大，鄙視西方蠻夷，將西方世界拒於門外。英國曾於 1793年及1816 年遣使來華破冰失敗，其後蘇俄利前兩亦無功而回。但是，貿易仍漸發展，終導致 1840及1850 年代的中外戰爭，戰敗的清廷被迫開始通商，割地賠款。直至1876年，中國才派使節到倫敦，再二十年後，李鴻章官式訪問歐洲及美國，衍生一連串李後的錢幣及紀念章。

1876年前，清廷官員絕少出訪西方諸國，縱有出行亦非常低調，語言固然問題，希生疑五品官，鄭重使例亦，他四子及親，廣州出生，略曉英語，得以遊客身份登上普英號船。這能以遊客身份出席1851年倫敦世界博覽會開幕儀式，並生添一系列擁有其入懷的普英號紀念章。其實，第一個帶方孔錢錢幣圖樣由當時大清駐英使臣曾國祿（後封爵）所贈，有方孔圓對方孔毫無意義，錢幣要雙面圖樣，現清朝廷派員同行，考察並紀錄沿途所見所聞。清廷同意，但只派一名低級海關官員（臨時升為三品）“平振”或“平振仁”（音譯），年老固執，亦無官方地位。尚幸同行還有他兒子及二名通習學生，才令此行對中國帶來點長觀裨益。在官方導遊受德華包華與駐英使臣曾國祿陪同下，於馬賽登岸，深入考察工廠及學院／學會，但“平振”似乎對巴黎造幣廠和馬戲團更感興趣。在1866年5月12日更立誓不滿意休息，只數日參觀巴黎國立圖書館、郵政局、電報局及巴黎造幣廠。這次參觀解釋巴黎造幣廠在1866年鑄造浙江機製幣的原因：為配合該次參觀而特製的樣幣。至於選用實浙滿文，可能“平振”是浙江人，狄朗彰斯預先通知巴黎造幣廠準備，送贈數枚給考察團，最終流入中國。

*End of Sale*

# Conditions of Sale

1. The highest bidder for each lot shall be the buyer thereof. In the event of any dispute, the auctioneer shall have absolute discretion to determine the dispute and may put up again and re-sell the disputed lot.
2. The auctioneer shall have the right, at his absolute discretion, to refuse admission to his premises or attendance at his auction by any person and to require any person to pay a cash deposit before issuing him or her with a bidder number.
3. The auctioneer shall have absolute discretion to divide any lot, to combine any two or more lots, or to withdraw lots from the sale without giving any reason. The bidding shall be regulated at the absolute discretion of the auctioneer who shall have the right to refuse any bid or bids.
4. All lots are put up for sale subject to any reserve price that may be imposed by the seller. The seller shall not bid on his own property, nor employ any person to bid for him and the auctioneer alone shall have the right to bid on behalf of the seller up to the amount of any reserve. Should the reserve price be considered unreasonable by the auctioneer, the consignor is subject to at least five per cent (5%) commission on the reserve price if the goods remain unsold plus insurance charges.
5. Bidding commissions for anyone unable to attend the auction in person may be carried out by the auctioneer without charge, but "buy" commission will be accepted if the auctioneer is given absolute discretion.
6. The buyer of any lot shall immediately notify his name and address to the auctioneer and, if required, (a) provide bank or other credit references, and (b) pay the full purchase price, or a fractional deposit as may be determined at the discretion of the auctioneer.
7. Lots are sold as shown with all faults, imperfections and errors of description. Neither the auctioneer nor the seller shall give any warranty to any buyer in respect of any lot, or be liable for any fault or error of description, or lack of genuineness or authenticity of any lot. All statements as to the items sold, whether made in catalogues, during the course of the auction, or otherwise, are statements of opinion only, and are not and shall not be taken to be statements or representations of fact. The auctioneer reserves the right in forming his opinion, to consult and rely upon any expert or authority considered by him to be reliable. Notwithstanding the foregoing, if any lot should be proved by the buyer to be a forgery or re-print, or to have been wrongly described in any material respect, the buyer may reject the same, provided that he shall have given notice of his intention to do so and shall have returned the same to the auctioneer within fourteen (14) days from the day of the sale. Under no circumstances will the auctioneer be liable for any costs, expenses or damages incurred by the buyer in respect of any lot, including, but not limited to, loss of any kind of profit whatsoever. Bidders are advised to scrutinise the lots they bid for.
  - The auctioneer guarantees all items offered in the catalogue to be genuine. Claims to the contrary must be made in writing within fourteen (14) days after receipt of materials.
  - Questions on a coin being a proof or business strike relate to method of manufacture but not authenticity.
  - No lot may be returned after thirty (30) days after the sale.
8. The auctioneer acts solely as an agent and shall not be responsible for any default by either the buyer or the seller or for any action or claim which may arise in respect of any lot.
9. Buyers must satisfy themselves as to the accuracy of their purchases at the time of delivery. The auctioneer cannot be held responsible for any discrepancy which might be discovered after the lots have been removed from either the auction room or the auctioneer's premises.
10. The Auctioneer does not automatically accept the opinions of commercial third-party grading services. Refusal of such a service to grade a coin, or a difference of opinion on the grade of a coin, is not acceptable grounds for the return of a lot. Statements and opinions formed by third-party grading services based on their own independent research do not affect the auctioneer's rights and conditions.
11. The auctioneer will not hold himself responsible for the safe custody of any lots left for more than seven (7) days after the date of the sale, and reserves the right to charge storage and to re-sell by auction or privately, and without notice to the buyer, any lots not removed from its premises within seven (7) days from the date of the sale. Buyers shall not be entitled to remove lots from the auction room during the course of the auction.
  - No lot may be returned without the consent of the auctioneer.
  - If the auctioneer agrees to the return of any lot, it must be contained in its original, sealed and unopened container.
12. Each lot shall be at the buyer's risk from the fall of the hammer.
13. Any part of the purchase price left outstanding after the auction pursuant to Condition 6, shall be paid in full within seven (7) days of the date of the auction though the auctioneer may, at its absolute discretion, agree terms for credit with the buyer. Without prejudice to any other rights, the auctioneer reserves the right to charge interest on any overdue payment at the rate of 2.5% per month. All personal cheques must clear before delivery can be made, unless prior arrangements have been made with the Auctioneer. Payment by credit card shall not be accepted for auction purposes.
  - Late payment for any reason is just cause for revocation of all return privileges.
  - The property in a lot shall not pass to the buyer unless he has paid the purchase price in full.
14. Buyers accepting commissions from other parties do so at their own risk and will remain responsible to the auctioneer for full settlement according to these Conditions.
15. By making a bid the buyer acknowledges his acceptance of these Conditions and shall be bound by them.
16. If any buyer fails to comply with any of these Conditions, the lot or lots in respect of which the failure is made may at the discretion of the auctioneer be put up again and resold. The damages recoverable from the defaulting buyer shall include, but not be limited to, the auctioneer's expenses and commissions in respect of the resale and the amount (if any) by which the price obtained on the resale is exceeded by that obtained in the first sale.
17. A variation of these Conditions shall only be binding on the auctioneer and the seller if it is made in writing and signed by a duly authorised representative of the auctioneer.
18. In these Conditions, the auctioneer means Baldwin-Ma Tak Wo.
19. These Conditions shall take effect and be construed in accordance with the provision of Hong Kong law.
20. **A "Buyer's Premium" of eighteen percent (18%) is charged on the hammer price, but there is no additional charge for executing bids.**

# Advice to Postal Bidders

1. Return your commission forms sooner rather than later, as bids are recorded in the order that they are received. Where two bids are received for the same amount, the bidder whose commissions arrived first is the buyer, subject, of course, to bids from the floor.
2. If you are late with your bids, fax or email them to us. Telephone bids can be accepted, although we would ask for the bid figures to be confirmed in writing as we cannot accept responsibility for mistakes.
3. All commissions are handled in the strictest confidence and, if successful, the lot is sold to the "book".
4. The auctioneer will normally increase the bidding in 10% jumps. We would ask postal bidders to keep their bids to the nearest multiple of US\$5 or US\$10. Bids of US\$101 will be treated as US\$100, and similar "odd" amounts will be rounded down to the nearest actual bid at the auctioneer's discretion.
5. It is important to realise that we will try to obtain the lot bid on for the lowest possible price, and we fully appreciate the fact that the bids given are the maximum figure that the bidder is prepared to pay for any lot.
6. We are happy to handle bids for customers who are interested in a number of lots, but wish to spend only a limited amount of money. Bidders are advised to mark their bids in the usual way and then clearly state the maximum amount they wish to spend.
7. In a similar way, if bidders wish to bid on a choice of two items, they should clearly mark on the commission form "either/or".
8. Please remember to give full details as to how the lot or lots are to be dispatched. Successful bidders will be sent an invoice immediately following the auction, and the general rule is that this must be settled in full before the item or items are dispatched. Insurance and postage are to be borne by successful bidders.
9. If there is any query before an auction about any item in the sale, or regarding a method of bidding, remember we have several overseas offices which can assist, and we are only a telephone call, fax or email message away.
10. A "Buyer's Premium" of 18% is charged on the hammer price, but there is no additional charge for executing bids.

## Payment

**Mode:** Payment shall be made in United States Dollars in the form of cash or cheques drawn on a United States clearing bank, or by means of a banker's draft or telegraphic or cable transfer directly to the auctioneer's bank account, quoting the original invoice number. **Currency:** The sale will be conducted in United States Dollars. Full settlement will be expected also to be in United States Dollars. Payment made in other currencies will, of course, be accepted. ## Miscellaneous

**Commission Buying:** All commissions handled by Baldwin-Ma Tak Wo are treated in the strictest confidence and are "knocked down" to the "book".

**Estimates:** The figures in the list printed below each lot are the auctioneer's estimation of the expected price and are published as a guide for buyers.

**Prices Realised:** A list of prices realised will be sent to bidders and consignors only. Others wishing to receive copies are asked to send in US\$2 (or the currency equivalent) in cash. The auctioneer regrets that it is impractical for accounts to be charged for such a small amount. No list will be sent without full payment.
